#### Meet your Coordinators:

Hey bestie!! I am a mama of an amazing little girl and the owner of Miss to Mrs Bridal Magazine. I have been working alongside my mom doing weddings since I was 13. I absolutely love everything about a wedding day whether it's a big or small celebration. My favorite part about planning a wedding is not just the design and execution but also the friendships built with my brides along the way! Let's plan your big day!!

#### Gracie Lindsey

Happy Engagement! I am a dog mom of two and my husband and I have recently moved to North Texas. I love traveling and spending time outside as much as possible! You can catch me trying to get as much behind the scenes as I can on your big day. From the day you get engaged until the day you say I Do can feel like a stressful time but it shouldn't! I love to make the process as fun and worry free as possible!
